

## My invoice

This service provides an application to view and download invoices as PDF. The application enables you to extract all types of invoices.

*Remark*

- Currently you are only able to see invoices which have been issued within a European or African country.

After logging into ONE eCommerce, please click on below menu item.

## My Invoice

- ① You can input parameters to search for an invoice.
- ② You can click the invoice number to download the PDF, and you can select download “Original” or “Copy” invoice PDF. Please note that for Demurrage and Detention invoices only ‘Original’ can be downloaded.

- ① Select the number of invoices on each page.
- ② You can download the invoice information on the current page into Excel. Or, you can download all invoice information into Excel, if more than one page.

You can also subscribe to the email alert when any new invoice is ready.

- ① Go to e-Subscription.
- ② Click on Subscribe and save.
