

Port Schedule

Port Schedule

This allows the user to check the vessel schedule based on the Port name.

There are two ways to check the Port Schedule as outlined below.

1. Checking the Port Schedule from the Home Page.

The screenshot shows the ONE Ocean Network Express homepage. On the left is a vertical navigation menu with links: HOME, SCHEDULE, PRICES, BOOKING, DOCUMENTATION, and MANAGE SHIPMENT. The SCHEDULE link is highlighted. The main content area features a large image of a port skyline. Overlaid on this is a search form for 'Port Schedule'. The form includes fields for 'Point to Point | Vessel | Port | Long Range', 'Port*', 'Mode' (checkboxes for 'Include Feeder' and 'Ocean Vessels Only'), 'Period' (date range from 2021-12-23 to 2021-12-25), and buttons for 'Clear', 'Search', 'LOG IN', and 'CREATE ACCOUNT'. To the right of the search form is a 'Shipment Overview' section with a sub-section titled 'Manage all your shipments with ONE click!'. It describes the Shipment Overview as providing easy and intuitive shipment management under a single page. Below this is an image of a large cargo ship.

2. Checking the Port Schedule from the left side menu.

The screenshot shows the 'SCHEDULE > Search Schedule > Port Schedule' page. The left sidebar has a 'Search Schedule' section with 'My Schedule' and 'Port Schedule' (which is highlighted with a pink box). Other menu items include PRICES, BOOKING, DOCUMENTATION, and MANAGE SHIPMENT. The main content area is titled 'Port Schedule' and contains a search form with 'Port', 'Mode' (checkboxes for 'Including Feeder Vessels' and 'Ocean Vessels Only'), and 'Period' (date range from 2021-12-23 to 2021-12-25). Below the search form is a note: 'Fill in the field and select predictive text then click "Search".' To the right is a table header with columns: Vessel, Terminal, Service Lane, Arrival Time, Berthing Time, Departure Time, and Port Cut Off Time. The table has a 'Total: 0' message and a 'Download' button. At the bottom of the page, there are checkboxes for 'Coastal Schedule' and 'Actual Schedule', and a note: '* Above schedules are estimated schedules and are subject to change.'

Port Schedule

How to use Port Schedule

1. Fill in the name of the port with an automatic complete function.
2. After setting the period, click the Search button.
3. To check detailed information in each column, click the information highlighted in magenta.
The data will be provided as below:

SCHEDULE > Search Schedule > Port Schedule

Port Schedule

Port: SANTOS, BRAZIL (1)

Mode: Including Feeder Vessels (2)

Period: 2021-08-01 ~ 2021-12-25

Fill in the field and select predictive text then click "Search".

Search (2)
